A graphic consisting of two overlapping squares. The left square is a muted purple color, and the right square is a light yellow color. They overlap in the center. In the overlapping area, there is a small icon of a list with three horizontal lines.

## Chelsea's Favorite Things

\_ My daughter Chelsea (17 months ) is at a point in her development where she can clearly communicate her likes, dislikes , and favor of certain objects and experiences.

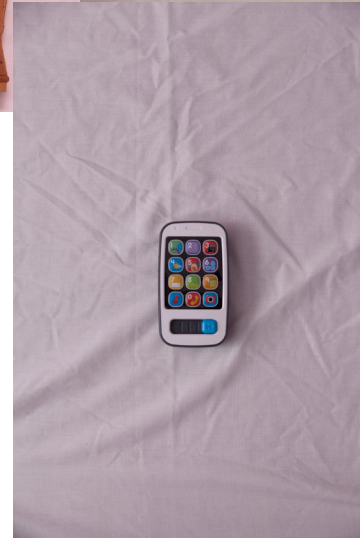

\_ Her collection of toys, books, and dolls is something that, for lack of a better term, is imposed on her through our (my wife and I) on assumptions of what she might enjoy or what she has shown an interest in.

\_ In addition, especially given the recent holiday season her collection is influenced by gifts from her extended family.

\_ Our interests, as we do, evolve over time. But if you took a snap shot of our collections at a given point in time, it can say a lot about your own unique perspective at that time and how it shaped who you are today.

\_ This is a snapshot that Chelsea will be able to look back on.

\_ This will be a very simple, minimalist, single-serve site.

- \_ The “about” section will contain an explanation of the project, and some of my own thoughts reflecting on experiences with collections.
- \_ Of course the list will also include things that she likes to get into, but we her parents don’t necessarily want her getting into.
- \_ Hopefully this site could become something Chelsea takes interest in and ownership of.
